The 12-month registration period for vehicles weighing less than 5000 pounds begins the first day of the owner's birth month. Exception: Company-owned vehicles use the month of June. To determine the number of months required (the maximum is 27 months), start with the month the vehicle is being registered in Florida and count through the month PRIOR to the owner's birth month. Example: You are registering your vehicle in November and your birth month is June; November through May is 7 months. New vehicle purchases, start with the month of the purchase date.
